1. * * * * *

Interpretation-clause.

(b) use or attempt to use such newspaper

for the purpose of putting any person in fear or causing annoyance to him, and thereby inducing him to deliver to any person any property or valuable security, or anything signed or sealed which may be converted into a valuable security or to give any gratification to any person, or

for the purpose of holding out any threat of injury to a public servant, or to any person in whom they or he believe or believes that public servant to be interested, and thereby inducing that public servant to do any act, or to forbear or delay to do any act, connected with the exercise of his public functions.

EXPLANATION.—“Valuable security,” “gratification” and “public servant” are used in this section in the senses in which they are respectively used in the Indian Penal Code.

4. When any bond is executed under section three, the said Magistrate may further require the obligor or obligors of the same to deposit the amount thereof in money or the equivalent thereof in securities of the Government of India; and the money or securities so deposited shall, subject to the provisions hereinafter contained, remain so deposited until fifteen days after the person or persons depositing the same has or have made and subscribed a declaration under Act No. XXV of 1867, section eight.

GENERAL.

The 4th June 1878.

No. 378.—The Governor General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years: the exact proportion of gross produce payable as rent and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of civil and criminal justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand and other building materials.

5. The rent will be taken in kind and will consist of a fixed proportion not less than $\frac{1}{4}$ th of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoa-nut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoa-nut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoa-nut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling houses for officials, sanitarium, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of 2 years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island, without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such enquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper, to the Government of India in the Department of Revenue, Agriculture and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

NOTIFICATIONS.—EMIGRATION.

Simla, the 28th June 1878.

No. 95.—Under the provisions of Section 56 of the Indian Emigration Act (VII of 1871), the Governor General in Council is pleased to direct the substitution of the following for Rules 1 and 7 of Schedule B of the rules relating to emigration from the port of Calcutta, which were published in the *Gazette of India* of the 22nd February 1873:—

RULE 1.—*Ventilation of the between-decks:—*

Besides hatches there must be provided airshafts, cowl-headed funnels or tubes, and one of Thiers' automatic ventilators with 10-inch cylinder, and such other additional means for affording light and ventilation to the space intended for the accommodation of the emigrants as the Protector and Medical Inspector of Emigrants may consider necessary. RULE 7.—*Ventilation of the hold:—*

Except in vessels fitted with ventilating masts, in which case a proportionate reduction may be allowed, there should be 5 steam pipes solidly and strongly put together, of stout metal or wood and air-tight, each at least 9 inches in diameter, fitted with cowl-heads, and leading from the hold to the open air on the upper-deck. GENERAL.

The 4th June 1878.

No. 378.—The Governor General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years: the exact proportion of gross produce payable as rent and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of civil and criminal justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand and other building materials.

5. The rent will be taken in kind and will consist of a fixed proportion not less than $\frac{1}{4}$ th of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoa-nut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoa-nut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoa-nut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling houses for officials, sanitarium, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of 2 years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island, without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such enquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper, to the Government of India in the Department of Revenue, Agriculture and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. NOTIFICATIONS.—EMIGRATION.

Simla, the 28th June 1878.

No. 95.—Under the provisions of Section 56 of the Indian Emigration Act (VII of 1871), the Governor General in Council is pleased to direct the substitution of the following for Rules 1 and 7 of Schedule B of the rules relating to emigration from the port of Calcutta, which were published in the *Gazette of India* of the 22nd February 1873:—

RULE 1.—*Ventilation of the between-decks:—*

Besides hatches there must be provided airshafts, cowl-headed funnels or tubes, and one of Thiers' automatic ventilators with 10-inch cylinder, and such other additional means for affording light and ventilation to the space intended for the accommodation of the emigrants as the Protector and Medical Inspector of Emigrants may consider necessary. RULE 7.—*Ventilation of the hold:—*

Except in vessels fitted with ventilating masts, in which case a proportionate reduction may be allowed, there should be 5 steam pipes solidly and strongly put together, of stout metal or wood and air-tight, each at least 9 inches in diameter, fitted with cowl-heads, and leading from the hold to the open air on the upper-deck. GENERAL.

The 4th June 1878.

No. 378.—The Governor General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years: the exact proportion of gross produce payable as rent and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of civil and criminal justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand and other building materials.

5. The rent will be taken in kind and will consist of a fixed proportion not less than $\frac{1}{4}$ th of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoa-nut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoa-nut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoa-nut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling houses for officials, sanitarium, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of 2 years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island, without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such enquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper, to the Government of India in the Department of Revenue, Agriculture and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions as the bi-weekly service.

* The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*
